

Portfolio Support

Helping grow and manage portfolio companies to their full potential

You've taken care to source new companies for your portfolio. You'll now want to make sure those portfolio companies 'do things properly' – ensuring they execute their buy & build strategy efficiently, are legally compliant and nice and tidy for when you want to exit.

We have a lot of experience working directly for PE houses and your portfolio companies, so understand what you're looking for – us to take up the legal slack, take out the pain points, keep things legally tidy and ensure a seamless exit.

We often work alongside your other legal providers – typically a larger firm that assists on the acquisition and exit of portfolio companies. They also appreciate that we can do this ongoing work more efficiently and cost-effectively than they can, so are happy for us to get on with it.

We deliver all of this for you using an experienced, senior team - acting pragmatically and responsively and at competitive rates.

The services we provide include:

Bolt-on acquisitions

With a great track record helping companies on a buy & build strategy, we can handle all of your bolt-on acquisitions efficiently and cost-effectively.

Contract Manager

Based on our years of experience, we'll help smooth the negotiation of customers contracts, getting them signed quicker so you get paid quicker.

Standard Policies

Access our policies to make sure your businesses are covering all compliance issues properly – GDPR, Info Security, Anti-Bribery etc.

Company Secretarial

For a fixed and sensible annual cost, you can leave our Co Sec team to take care of your routine company admin for you. We will ensure all your statutory documentation is completed accurately and efficiently, so that your business is always fully compliant.

Employment

Use our employment pack to ensure compliant employment contracts and policies.

Get in touch if we could help you improve your portfolio company processes and growth plans.

These are just a handful of the firms we've helped to date:

ROCKPOOL..

"The RM team are very commercial and pragmatic, with good experience in getting the transaction done without any unnecessary complications."

Investment Director, Rockpool

"Roxburgh Milkins have been our 'go to' firm on deals and have a deep understanding of how we operate as a business which makes for precise and more insightful advice... allowing us to run a very efficient M&A process."

**Head of Corporate Development,
Focus Group**

"Our deal needed to be done quickly and done right. We don't need a fancy lawyer who wants to tell us about everything vs that practical approach with RM."

Associate Director, LLCP
